# Sustainability and Responsibility

We, Karlowsky Fashion GmbH, are staunch participants of the BSCI (Business Social Compliance Initiative) and have committed ourselves to compliance with the BSCI Code of Conduct. It includes basic requirements for our manufacturing companies in terms of working conditions and social standards.

#### These standards include:

the right to freedom of association, the right to collective bargaining, no discrimination, fair remuneration, decent working hours, occupational health and safety, no child labour, special protection for young workers, no precarious employment, no bonded labour, protection of the environment, ethical business behaviour.

We stand for precisely these standards and we want to work exclusively with companies that consistently adhere to the same values. By choosing Karlowsky Fashion GmbH, you are opting for products that have been created under appropriate and fair conditions.

Member of amfori, the leading global business association for open and sustainable trade. We participate in amfori BSCI. For more information visit [www.amfori.org](http://www.amfori.org)

Safety for people and the environment is an elementary value of Karlowsky Fashion GmbH and has top priority for us. This is precisely why our textiles pass through the globally uniform test and certification system STANDARD 100 by OEKO-TEX®. The textiles are verifiably tested for banned and hazardous substances to ensure that our products meet all human ecological requirements. Accordingly, by applying STANDARD 100 by OEKO-TEX®, we can guarantee high-level and effective product safety for the consumer.

## CUSTOMIZED CORPORATE FASHION

Trendy fashion and uniform corporate wear is a solid investment in your company's future. With the additional and customized textile finishing of your company clothes the perception of your company to the outside world is reinforced and your market image enhanced.

SIZE CHART

NOTE:

The measurements listed by us refer to the wearer (person) and not to the measurements of the respective garment!

If, for example, the chest measurement of a chef's jacket is 101 - 104 cm, this means that this product is suitable for a person with these chest measurements.

If your measurements are somewhere between two sizes - we recommend ordering the larger size.

MEASURING

The assistance of a helping person is recommended. We recommend to wear tight-fitting clothing or underwear. Measure directly on the body. The necessary additions for the comfort or functionality are taken automatically by us during the creation of the textiles.

Please consider the following helpful measuring recommendations:

- 1 chest width:** It is measured at the widest part of the chest horizontally around the body.
- 2 waist width:** It is measured at the thinnest point horizontally around the waist.
- 3 hip width:** It is measured at the widest part of the buttocks horizontally around the hip.
- 4 inside leg:** It is measured from the crotch along the inside of the leg straight down to the floor.

**LEGEND TEXTILES**

Characterizes Karlowsky Fashion GmbH products that have been controlled and certified according to the STANDARD 100 by OEKO-TEX®. Textiles carrying this label have been tested for illegal, regulated or harmful substances and conform to valid human-ecological requirements of the Standard.

The validity of the certification STANDARD 100 by OEKO-TEX® of Karlowsky Fashion GmbH products expires after additional printing through Karlowsky Fashion. All additional embroideries are unaffected or excluded by this restriction and underlie the entire validity of the certification. For more information concerning the test criteria:

"Stretchable" marked articles are made of fabrics in which elastic fibres have been integrated. These fibres are particularly stretchable and provide perfect comfort with optimum freedom of movement.

"Breathable" marked articles are equipped with special ventilation vents and/or consist of fabrics that are particularly breathable. This provides continuous air circulation around the body for a cooling effect, even in very warm environments.

The Beau-Fixe®-treatment is a high-quality textile finishing method that improves fabric properties so the textile becomes crease-resistant and easy-iron. The improved properties reduce the effort of ironing and prevent occurring wrinkles while wearing. Treated fabrics are more resistant to machine wash, they dry faster and show a softer touch with elegant appearance.
